

UNDERWOOD TO THINK DOROTHY ARNOLD MYSTERY CLEARED UP

(Special to The Dothan Eagle) Birmingham, April 10.—When Underwood returns to the House he will be given the greatest reception tendered any member of the House in years. When the celebration is over he will have to solve a number of difficult legislative problems, including bringing pressure to bear on Chairman Clayton and the Judiciary Committee to hurry the trust bills; must smooth away differences between the trusts and anti-free trusts. Democrats in order to rush trust legislation; must decide status of labor unions in pending trust legislation, and moreover Mr. Underwood is expected to shoulder the responsibility for party success in the present Congress in the face of increasing difficulties.

According to politicians, his task is not an easy one.

We can't all be millionaires. But there is no man so poor that he can't cheerfully give you a cure for a cold.

The great trouble with a pretty girl is that she is always too busy admiring herself to admire you.

(Special to The Dothan Eagle) Pittsburgh, Pa., April 10.—The mystery surrounding the disappearance of Dorothy Arnold, the beautiful New York heiress, three years ago, is believed to be solved by the confession of Dr. C. C. Meredith, a prominent Pittsburgh physician.

According to the doctor's story to the police, Mrs. Arnold came here shortly after her disappearance and died at the maternity hospital in Bellevue, a suburb. Her body was then burned in a cellar of the institution. Confession came after the physician had been put through the third degree by police in efforts to locate another woman who had been traced to his hospital.

Dr. H. E. Lutz, associate of Dr. Meredith, was also arrested. It is believed they can clear a dozen mysteries.

Wholesale arrests of most sensational character are expected this afternoon when warrants will be served on a dozen physicians charging illegal practice in connection with the Bellevue House.

THE STEAMER SOUTHERN CROSS

Which with a crew of 170 seafarers is feared to have been lost in the great ice clogs off the coast of New Foundland.

THE HOUSE AND SENATE WILL BOTH BE DRY

(Special to The Dothan Eagle) Birmingham, April 10.—Seventy-five per cent of the lower house of the legislature will be dry according to complete returns. Twenty-eight and possibly thirty out of thirty-six members of the senate will be dry.

This overwhelming majority for the dry will enable them to pass a state-wide prohibition bill over the veto of the Governor if necessary. It is also probable that a child labor bill will be presented to the legislature. It is pointed out by friends of the measure that Alabama's child labor and compulsory education laws are the worst in the United States with the exception of Georgia. Clubwomen of the state are preparing to actively push the measure.

JAPAN GRIEVES OVER

(Special to The Dothan Eagle) Tokyo, April 10.—Mourning of

watch was placed over the new garment due to be introduced Monday for the murder of Herman Rosenblatt. That the execution will not be postponed by the warrent is shown by invitations to the execution which read Monday.

All the men, with the exception of "Dago" Frank are making consolation in religion, and will celebrate Jewish feast of the Passover tonight.

Assistant District Attorney Moss declined to make reference to these efforts to secure sympathy for the accused men.

Sympathy over the death of Rosenblatt, Emperor Haroko, mother of the Emperor, came from all parts of the world today. The entire empire is mourning. Preparations for an elaborate state funeral are being made.

RURAL SCHOOLS PRESBYTERY ARE NOW OUT WILL MEET ESCAPE FROM COUNTY JAIL

Opportunity Time to Improve Buildings and Equipment. Thanks Superintendent (Edison).

Practically all rural schools in Houston county have been dismissed for the summer period, and County Superintendent of Education John M. Odom thinks the Houston County Educational Improvement Association will take advantage of the opportunity now offered to improve the buildings and equipment.

There are sixty-nine rural schools in the county for white children, and eleven for negroes, most of which have been dismissed. The pupils, the majority of whom work on the farms, will now go about their respective ways until the next term begins.

An examination for those desiring teachers' certificates will be held at the High School building in Dothan April 20, 21, and 22, as it will likely take about three days to get through with the work.

Birmingham, April 10.—At the educational convention this morning Prof. E. M. Shackelford, of Troy, introduced a resolution calling on the state to create an educational commission to have supervision over the school systems throughout the state. The resolution was referred to a committee. It is believed the commission would solve many problems now confronting educators.

The principal address this morning was made by Dr. F. B. Dresler of Nashville, on "School Sanitation." Dr. Dresler asserted that sanitation was the most essential thing to health and advancement of school children and advocated ample play grounds and recreation for all scholars.

Prayer will be offered by Elder D. C. Carmichael, of Dothan, the retiring moderator, the roll call of ministers and churchmen will be heard and a moderator and clerk will be elected.

At the afternoon session a number of well known ministers and church workers will make talks along different lines. Among the speakers will be L. E. Morgan, of Dothan, whose subject is "Prayer and the Kingdom's Advance." The Presbytery will be in session three days, beginning Tuesday.

MULE GIVES OFFICERS CLUE TO ARREST

George Wilks has been arrested by the officers on a charge of looting the office of the Southern Express Company at Cowarts, of beer, crackers and other things, and his arrest was brought about on account of a mule, it is said.

It is claimed that Wilks borrowed a mule to make a trip with, and that the railroad detectives ascertained the identity of the man who furnished the mule, with the result that the arrest of Wilks followed, according to Route Agent Trawick of Dothan.

REBELS DEFEATED. (Special to The Dothan Eagle) Mexico City, April 10.—Coma a plot defeat of the rebels at Tampico has been announced by the government. Rebel forces are reported as 800 hundred.

Hay Received Incorrect Information From Times of Sheriff Hay.

Sheriff B. O. Hay, admitted this morning that the statement carried by the morning paper to the effect that a successful escape from the county jail had been made by one of the prisoners, was true.

The Eagle said yesterday afternoon that an attempt to escape was made, but that it was unsuccessful. The Eagle was acting in good faith with the public. The incorrect information in The Eagle came direct from the sheriff's office.

Sheriff Hay said today that for good reasons he wanted to keep the matter quiet, and that he instructed his deputies not to give out any information. This probably explains why The Eagle was misinformed.

The man said to have escaped is Wallace Vann, who was being held on a charge of grand larceny.

MUSIC MAKERS AT HIGH SCHOOL SATURDAY NIGHT

The Music Makers male quartet will render a delightful program at the High School Saturday night. There is hardly any other musical attraction that gives so much enjoyment to music lovers as a good male quartet. The Music Makers is said to be one of the best on the Lyeum platform.

Vandalla, (Mo.) leader, says they are winning, and probably the most significant statement he made was this—that the banks seek the land! The different bankers, however, are not so sure. The individual work was above par and their quartet work equally good. As a soloist, the baritone, Mr. Huff, showed the real artist. His solos Saturday afternoon were especially beautiful.

BUSINESS MEN OF DOTHAN—ATTENTION

The political battle has been fought, the smoke has cleared away, the issues settled and now to business and to work. Our people of Dothan and Houston county are now face to face with an opportunity to make this section one of wonderful prosperity and advancement. Political strife and turmoil should be banished, and preparation should be begun immediately looking toward the planting of various cash crops and the raising of stock and hogs. The planting of cotton must be started if we are to continue to grow and prosper. But before this can be done, something tangible, something definite, must be decided upon to gradually take its place. The thing can not be done haphazard, nor in a moment. It will require much thought, much investigation, and whatever may be decided upon must be pushed vigorously by our best business men—if success is attained. Advanced intelligent farming will produce probably an hundred per cent more per acre than the old way.

Those who attended the big meeting at the court house last Saturday were especially impressed with Mr. Greer's address. Such are always more valuable than many experience much more so than talk.

Mr. Greer came from a section already putting into active operation a definite comprehensive, agricultural system, and a thorough practical, agricultural system is what we all realize. Just what we want adopt in Northwest Alabama. Mr. Greer spoke of the difficulties the Colquitt county business men had to face in getting started. But they are winning, and probably the most significant statement he made was this—that the banks seek the land! The different bankers, however, are not so sure. The individual work was above par and their quartet work equally good. As a soloist, the baritone, Mr. Huff, showed the real artist. His solos Saturday afternoon were especially beautiful.

These things settled, the most difficult problems are solved. We must get to work; do not just wait we want to plant and produce and we shall raise hogs and cattle. This is the first thing to do after organization. Then more work harder work to get the business thoroughly informed and organized. But before this can be done, the thorough co-operation of the business men and other business men must be planned.

There will be a meeting of business men in Dothan Saturday April 11th the Chamber of Commerce will organize the Farmers' Co-operative Association with Mr. Greer as secretary. This will organize the Chamber of Commerce and the Farmers' Co-operative Association. The Chamber of Commerce will be organized to handle the business work in the county. The Farmers' Co-operative Association will be organized to handle the farming work in the county. The first work in the county will be to get the business men and other business men to work together.

Hupmobile

The Car of The American Family

Get This Thought!

Hupmobile owners—and there are tens of thousands of them—will have no other car, because the Hupmobile gives them complete satisfaction at a lesser cost!

That's the Hupmobile story summed up and boiled down—a car that's never out of commission, and a car that costs less when it's in commission.

Two Mills Per Mile

When we speak of lesser cost we mean all-around lesser cost—upkeep, repairs, tire mileage, gasoline and oil mileage and depreciation when you come to sell the car at second hand.

But let us drive home just one point today—the repair cost indicated by a canvass of all the repair parts ever sold by this company.

Assuming an average of even 5,000 miles per car per year—which, of course, is ridiculously low—the average cost comes to the absurd figure of 2.7 mills per mile.

As a matter of fact, Hupmobile repair cost unquestionably averages way below 2 mills per mile—and any owner you talk to will tell you that his total cost is one of the least of his troubles and the service he gets, one of the greatest of his joys.

Go to the Hup dealer and let him tell you the delightful details of a story we can only outline here!

A BUSINESS MAN OF MINNEAPOLIS

Minneapolis is a city where they do things. Stimulated by a vigorous climate, surrounded by a fertile country, peopled by the best blood of the over crowded east, it is a city of hustlers of great achievements conceived and wrought out.

Mr. Taylor, of Minneapolis, Minn., is one of this sort of men. A newspaper man. A political worker. An Englishman by birth. He has been in this country thirteen years. He has resided in the northwest, Winnipeg, Fargo, and for the last ten years in Minneapolis.

Mr. Taylor is a friend of Peruna and does not conceal his friendship. He is thoroughly enthused with the belief that Peruna is a great remedy. He has a right to feel so. For several years he suffered with dyspepsia. This caused him to have very bad health.

Newspaper advertisements would never have influenced him to take Peruna. It was friends that persuaded him to try the remedy. In less than a week he needed no more persuasion. He saw that Peruna was doing him good. He is able to say in a letter to the Peruna Company:

Mr. E. M. TAYLOR,
No. 220 Nicollet St., Minneapolis, Minn. says:
"The day I am in excellent health. Never felt better in my life. I am glad of this opportunity to say something to all men or women who suffer from dyspepsia and stomach trouble. I consider Peruna a great remedy. It is a godsend."
A new book of interest to all, sick or well, sent free by the Peruna Company.

13. For all have sinned, and come short of the glory of God.
12. Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved.
13. For whosoever shall call upon the name of the Lord shall be saved.
14. How then shall they call on him in whom they have not believed? and how shall they believe in him of whom they have not heard? and how shall they hear without a preacher?
15. And how shall they preach, except they be sent? as it is written, (How beautiful are the feet of them that preach the gospel of peace, and bring glad tidings of good things.)

REAL ESTATE A PRIME INVESTMENT

There is no mistake in real estate investments in a growing town. Carnegie says: "All roads to wealth are closed to the masses except through the accumulation of real estate." A delightful affair of Friday evening was the "subscription dance" given by a number of young men.

This beautiful home was made especially attractive by the decorations of roses and pot plants. Mrs. J. S. Sherman served delicious punch in the reception hall, as the guests arrived.

Scoring was made of especial interest in this unique way: A tiny pink and white basket was given each guest, and as each progressed a small candy Easter egg was dropped into the basket.

After several games of Rook a tempting luncheon, consisting of a salad course, hot rolls, cream and cake was served. Mrs. W. R. Chapman and Mrs. J. S. Sherman, as

THE SIX-HOUR DAY.

Emporia is a fairly representative American community, and it has been ascertained that 70 per cent of the men and women who work for wages here work less than nine hours a day, and 55 per cent work eight hours a day. Twenty-nine years ago this spring, the writer of this went to work in a printing office. It was his job to get up and sweep out the office and make a fire on cool days—so that the office would be clean and warm by 7 o'clock and men work until 4, and sometimes came back and worked a night without being paid overtime. The ten hour day was the best that any laborer had. The eight hour day was a dream. To-day labor is dreaming of a six hour day, and it is as sure to come as the morning. First, the highly organized union will get it—the organization of labor—the railroad men, the skilled workers, then the unskilled labor of today will move down to eight hours and all the other labor people will be working out, and then in a generation, six hours will be the rule. And with the shortened day will come the rising wage. The rising wage will come in various ways, as it is coming now. It is coming now in the construction's compensation act, which reduces the workman of the quarry and producers of trade. It is coming in the new laws which limit the hours from five. It is coming in the improvement of when production, which reduces the farmer's down side. It is coming in all sorts of preventive legislation, which reduces congestion in rooms and pays the workman's time and money. It is coming in better building laws and housing laws which give the workman a better home, and reduce his rent while increasing his comfort and broadening his life. It is coming through the schools, by teaching his progressive who boy to cook and care his money keeping better. All along the line the rise in the wage has been coming, and when the nine hour day comes, it will legalize what nature has declared wise.

The good day is coming, but it will be a long way from the millennium. It will be merely a six-hour day in a decent house, with an educated wife and a healthy family. There will be plenty of work to do in the world when these few things are done. There always is plenty to do—Emporia, (Ken) Gassner.

Mr. Meeg, of Pennsylvania and Indiana has been spending a good deal of time in Dothan recently. He was here several times prior to the election, attending attacks and giving assistance to the candidates he favored. Probably it is he and his associates who would have won, if the voters had been clever.

is found well in the land and ready for the run-off, or second primary, if one is found to be required.

Mr. Comer is only in perseverance in his progressive policy, if a further campaign has to be entered upon. There is a large element in the state that understands the issue he presents, to-wit: the need of establishing the political independence of the state. In a second primary there will be but two candidates and a definition of the Comer issue that cannot fail to bring increase to the ranks of those who believe that what Alabama most needs is a governor who fights for popular rule against the rule of the rings and combinations not in the people's interest.—Wednesday's Mobile Register.

WINE ALCOHOL.

Much has been written in recent years regarding the almost criminal ignorance of the general public in the use of wood alcohol, and its injurious effect not only on eyesight, but on life itself. The importance of adequate protection of the public in this regard is emphasized by a recent tragedy in New York City. Three women died and two were made dangerously ill from drinking home made wine at a wedding feast. The wine was made by the bridegroom and was drunk by the two hundred guests present. The recipe for the beverage, the publisher says, was sugar, water, alcohol and a red and green coloring matter. It was first thought that the women were suffering from poisonous poison, but the coroner's physician pronounced death to be due to alcohol poisoning, and the police declared that the wine was made with wood alcohol.

This dangerous poison often kills and even when the life of a victim is spared, he is generally blinded for the rest of his life.

THE WORKMAN HAS JUST WON.

The work of the Chamber of Commerce of Dothan has just been given. Organization has not been made complete yet, but everything points in the right direction.

Our next move should be out to get the organization extended to every beat in Houston county. Without the co-operation and assistance of the farmer nothing will be accomplished. To enlist the assistance of the farmer, he must be shown where it is to his benefit to work together with the Chamber of Commerce, which is an organization of business men of Dothan who cannot succeed without help of the farmer.

The farmers of this section can make no mistake by putting in for a big box crop. If they are raised, it will be an easy matter to find a market for them, whether Dothan has a packing plant or not. And if enough of them are raised in this territory, the packing plant is a certainty. But there is no need for waiting, the hog will sell for a good price, when fat, at any season of the year.

It's got to where anything can vote in a Dothan election that is not enough to stand up. It is high time something was done to protect the illegal voters, else their numbers will grow from year to year.

Who's going to do the stumping now for Comer and Henderson?

The friends of Gov. Comer should learn a lesson from this and get busy at once. Calhoun is normally a Comer county, and the star has no doubt that he will carry the majority of the vote over any opponent he may have in the second primary, but his supporters must not be too confident, for the fight from now on will be unrelenting.

Comer stands for the people, for the masses against the classes. He wants to deliver the state of Alabama out of the hands of foreign corporate aggrandizers and bring about home rule again. The crisis before us is as great as it was when Houston delivered us from the hands of Republicans in 1874, and no patriotic citizen of Alabama should sleep on his rights at this time and allow the sovereignty of the state brought into question.

rally to your guns, ye friends of Comer and the people, and let us prove that we are destined to be a free people, wanting the yoke of no corporation or sinister combination.

We thought The Advertiser would devote less space to Henderson after his defeat, but not so. It still has a grudge against him for having run at all, and will not let him rest in peace. Don't hit a man when he's down. He's feeling bad enough without it.

There is no way to figure on the turn-out on May 11th. People will be busy then, but between now and then, many things will be said about the Comer-Henderson race to get the people to go to the polls on that date.

We are now reminded that we have a Mexican situation that hasn't progressed much since the campaign in Alabama got wound up tight.

Probably more money was spent during the primary election just closed, than has been spent on any of the past in Houston county.

How much money do you suppose Henderson and Comer will have spent on this campaign by the time it is over?

The world hasn't much respect for a quitter, and less for a creaker.

Cheer up, it could have been worse, although it doesn't look like it.

Now throw in the campaign dope for the run-off.

LETTER TO THE EDITOR.

Editor The Eagle.

Dear Sir:

Summer time is coming and the typhoid fly will soon begin to get in his work. Although the anti-fly campaign is nation wide, and is gathering momentum every day, even yet many people do not realize the menace of the common fly. He is more dangerous than a rattlesnake, because allowed more liberty. He may stop a moment on your butter, or crawl over your food—two weeks later some loved one is stretched upon a bed—typhoid fever.

Though he is such a common sight—in reality he is a deadly foe, a veritable death's head, carrying sickness, disease and death in the millions of germs on his feet.

Allow me to suggest that we have a "clean-up" day in Dothan. Let a campaign of education, and annihilation be begun. Let us kill, stamp out, screen out, the typhoid fly.

Easter Shoes

IN anticipation of the tremendous Easter rush in the Shoe department, we advise early shopping—early in the morning and early in the afternoon.

We will have extra help in this department and will do our utmost to give efficient service. We buy all shoes direct from the manufacturer that made it, they come to us fresh, both in material and style.

They will be fitted intelligently here. They are marked in plain figures and sold to everybody alike. They are here from now to EE, a size and width for every foot.

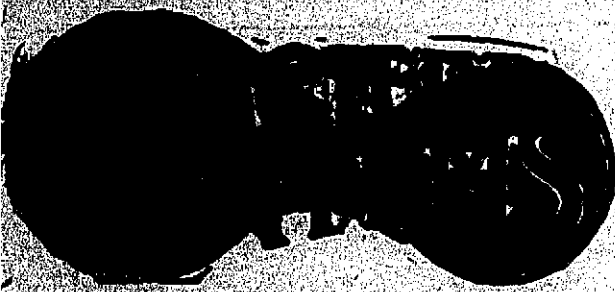

If you cannot bring them, send your children here. They will have the care careful treatment as if you were here in person. If our shoes do not make good we will.

IN HONOR OF
MISS HOUSTON—
A lovely compliment to Miss Annie Houston, a bride-elect of next week, was the "miscellaneous shower" given by Miss Jennie Mae Ward on Thursday afternoon, at her home on North Leno street.
Lovely Spring flowers made a beautiful background for the many handsomely gowned women present.
In the reception hall, a green and white color scheme was carried out in the decorations of

Southern smilax, dogwood and white hollyhocks. Here Mrs. Arthur Usery and Mrs. Ben Crawford received. Mrs. J. W. Grant invited guests into the parlor where the receiving line stood. This was composed of Miss Ward, Miss Houston, Miss Irene Houston, Miss Annie Johnson, Miss Marguerite Minter, Miss Nettie Leslie, Miss Pauline Downman, Miss Louise Clendinen, Miss Jennie Mae Hunter.
Miss Ward was charmingly kowtowed in pink crepe de chine with lace overdress, and a corsage of pink sweet peas.
Miss Houston's beauty was enhanced by the blue tone of her crepe meteor dress. Miss Irene Houston wore white crepe with lace, Miss Annie Johnson wore old rose crepe de chine, and carried an arm bouquet of Killarney roses.
Miss Marguerite Minter wore white embroidered crepe with lace. Miss Nettie Leslie wore white tulle and carried an arm bouquet of pink and lavender sweet peas. Miss Pauline Downman wore yellow satin with lace; her flowers were pink sweet peas. Miss Louise Clendinen wore pink crepe de chine; Miss Annie Howell Jordan wore pink crepe de chine and carried an arm bouquet of brides roses; Miss Jennie Mae Hunter wore white lace over pink satin, her flowers were sweet peas.
In the parlor crystal candelabra holding white candles burned brightly, and vases of white roses were used.
From the parlor the guests were invited into the dining room by Mrs. N. B. Byrd, where Miss Sue

Mapleton and Miss Annie Ward served a delicious salad course.
Pink and white were the colors used in the dining room. Pink crepe streamers were draped from the chandelier to either end of the table, and held in place by silver candelabra. The dining table was spread with a chuney lace center-piece over pink satin, a Marie Antoinette basket of Killarney roses forming the attractive centerpiece. Over the windows and on the buffet Southern smilax was festooned. Pots of pink begonia and vases of honeysuckle were prettily used.
Mrs. S. B. Wooten invited the guests into the hall where punch was served by Mrs. J. T. Brock and Mrs. A. E. Garner.
The table was most attractive in a bower of Japanese umbrellas and lanterns. Tiny Japanese umbrellas were given as favors. Miss Winnie Saxon presided over the guest book which was handprinted in Cupids, the work of Miss Maudie Crawford.
Miss Idoline Brown, Miss Lucille McLure, Miss Ernestine Criss and Mrs. Ralph Tibert received in the living room, where the many beautiful and useful gifts testified to the popularity of the honoree.
